About Decision Women in Commerce & Professions, Inc.

DECISION is a dedicated group of professional and business women who function collectively as a community service and networking organization. We are a non-political, non-philosophical, non-discriminatory, but highly motivated network of busy women. Since 1978, Decision has made donations to numerous community charities and institutions. Through our successful fundraising efforts, done purely on a voluntary basis, more than \$300,000 has been donated.

2008 Fundraiser

Good Shepherd Hospice: This year we have pledged to fund the Bereavement Room in the newly built Hospice Inpatient Center, Port Jefferson, NY. At such tender and profound moments in life, a peaceful and tranquil environment is important for loved ones to begin the healing process. **Long Island Cares – The Harry Chapin Food Bank:** Shockingly, nearly 300,000 people go Hungry on Long Island annually amidst affluence in our communities. Being passionate about eradicating hunger on Long Island, we applaud the work of LI Cares and want to support their mission. **Long Island Farm Bureau:** Suffolk County is the largest agricultural producing area in the state of New York in a billion dollar industry, it is logical to bring Awareness of the venerable work and vision of the Bureau to all. As women in business, we understand how vital it is to protect and grow the bottom line.

By sponsoring the event, you will ensure that monies raised at the function will go directly to underwrite the work of our benefiting charities. It will allow you to reach out to your current best customers, reach potential new ones, and show your caring for our community. By sponsoring this event, your name, corporate logo, or any other branding you wish to achieve can be added to our proud donor roster. Famous names of our neighbors and friends, political, social, civic and business leaders are joining us to support these causes. Help us help you?

Get involved! Feel your sense of accomplishment! Thank you for your generosity!!

Decision Women in Commerce & Professions, Inc. is a Not for Profit New York State Class B Incorporation Organization.

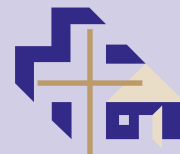

THE BENEFITING CHARITIES

*"Alleviating Hunger Where Ever Present,
Preventing Hunger When Ever Possible"*

Long Island Farm Bureau is a grassroots, advocacy organization dedicated to solving economic and public policy issues challenging the Long Island Agricultural community.

Good Shepherd Hospice

Serving All of Long Island
